LOCALETS

The town has been rather hard hit by the epidemic. Rev. Bell, wife and child were all down at the same time, Mrs. Adams and two children, several several members of the Wogsberg family, while little Lucile Brown and a younger child of Mr. and Mrs. Maronda are afflicted with pneumonia. Mrs. W. H. Smith was another victim, but she has effected a fair recovery. Owing to tubercular complications Mrs. Bell was to-day removed to the sanatorium at Calgary, relatives from Pincher Creek coming over to assist in taking the patient across country. Nurse Whitley and Nurse Miner (sister of Mrs. W. A. Smith) have given good service to the afflicted.

The outbreak of the 'flu' epidemic has made it necessary to postpone practically all public functions, such as the base ball box social and dance, the Peace Club tea, etc. A new date for the dance will be announced as soon as the air clears and people are again in a position to take advantage of these enjoyable events.

Seed Oats for Sale! 97% government test germination, 95¢ per bushell.—Alberta Pacific Grain Co., R. N. Mor, agent.

The auction sale of horses on Saturday afternoon did not proceed very far, as the owner decided the bidding was not strong enough to let the animals go. Several have since expressed the opinion that the prices offered were quite liberal.

In response to petitions sent in through the Board of Trade and the U.F.

Lomond -:- Alberta

There are rumors afloat about the construction on a line of railway to run from Kipp to Lomond, but as far as THE PRESS is concerned the information is passed on without any guaranty as to value.

A. M. Armstrong has severed his connection with the U.G.G. Co. and has leased Chas. Shaub's farm.

Information has been received that Lomond is slated to receive a telephone exchange this summer with local phones in town. The communication does in no way deal with the petition for rural phones, but we can at least hope for a part of that four millions that is to be spent on telephone construction in Alberta this year. It might be as well not to sit down on the job just because we have received a letter from the "boss", but continue riding the hobby horse till construction is started.

Mr. and Mrs. Sandy Mitchell at Traversers are down with the 'flu.

Mr. St. John went to Calgary to-day to bring home his wife and infant son, who have been in the city for a month or more.

Miss Bell and Miss Nickerson go to Calgary to-day for the week-end.

Mr. Crum of Lincoln, Neb., is here looking after his farm north-east of Lomond.

Bobbie Shields is now established in Kennedy's hardware.

The Sunny Plains and Plateau schools are closed down on account of the epidemic.

Miss Erskine is back in the bank after a siege of the 'flu. Miss Enders is quitting the bank staff to take over the Adler school. Miss Aseltine is also leaving the bank staff for life pastoral.

Mark Edwards has quit barbering to go back to the homestead. Tibbitts is now operating the pool room.

The regular meeting of the Rebekah Lodge will not be held next Tuesday evening as it was thought wise to withdraw all public assemblies till the epidemic passes over.

The farmers are getting itchy to get at the re seeding, but as Easter does not come till April 20th, we can reasonably look for a late spring. April 30th. is a good time to finish wheat seeding.

J. A. Bowers was in town for a couple of days showing us how to run business affairs.

In sizing things up through the light of economy And holding his own in domestic autonomy The philosopher said "Ere I go to bed, I must fill the cistern, tho I work off my head." The day was young, but Bobbie was tired And nowhere in town could a dray man be hired Necessity claims invention to mother, But no provision is made for a sister or brother— And thus comes the theme of this story. The Duke then entreates and suggests substitution Of a wheelbarrow, man, and spade execution. The philosopher, anxious a bargain to make, Fell for the deal like a boy at a cake. The Duke, always anxious to give value for money, Thought up a cinch that was strikingly funny. "THE PRESS has a bard always nosing up things, Just touch the right button and away goes his 'springs'." So taking his 'Katy', giving rights of possession, The philosopher starts a triumphal procession— And the foregoing spasm resulted.

U. F. A. DEBATE

The price of wheat for 1919 is a burning question. The attendance at the U. F. A. on Saturday afternoon last would justify the above conclusion. For once the farmers' problem was of sufficient interest to fill the hall even in the afternoon, and that for the dissemination of arguments with regard to marketing of the farmers' main product—wheat. The debate was, resolved "That there should not be a set price on the 1919 Canadian wheat." H. H. West led the affirmative to success, assisted by W. H. Smith and Eli Blake. Frank Newton was slated to lead the negatives in their arguments, but he was afflicted with the 'flu and R. L. King and Andrew W. Tulloch were left to paddle the canoe of protection by themselves. The Judges appointed from the meeting were E. E. Saunders, L. R. Shick and W. A. Teskey and their decision quite met with the approval of the audience.

It is very plain the public enjoys such affairs as these and if the U.F.A. can continue to foster the open discussion of public topics there will be an interest aroused in the community that cannot help but be educational in its effect. There are numerous topics that might be suggested for debate. Perhaps a debate on the relative values of late or early seeding, systems of taxation, school consolidation, co operative trading, etc.

ARMADA

The U.F.A. are unloading car of seed oats this week, the best oats we have seen this spring.

Roderick McDonald, one of our home-steaders of the district, died in B. C. a few days ago of cancer of the stomach. 'Old Mac', as he was familiarly called, always had a pleasant word or a joke for everyone of his many acquaintance, and it is with deep regret that we make this announcement.

Oat chopping is the order of business at present.

George Brotherhood has returned from Letteridge after a lengthy visit. What is the attraction?

The Bank of Hamilton looks as if they were read for business since the arrival of the new safe.

U.F.A. Director to speak at Lomond April 11th.

Mr. Forster, of Nareby, constituency director of the U.F.A. will address a public meeting at Lomond on the evening of Friday, April 11th, in the I.O.O.F. hall. Mr. Forster is being accompanied by Mr. Fleet of the U.G.G. Co., who will also address the meeting. The public is invited to attend, and a particular invitation is extended to outside U.F.A. Locals.

Spring's "SNAPPIES" Clothes for Men...

ORDINARY fabrics and extraordinary words---little tailoring and much boasting --- a minimum of thought and a maximum of words---a lack of good taste and a lot of superlatives---these generally go together. Is it not so? And that is nonsense.

The only superlatives we know, and like, are the superlatives of Effort, Thought, Good Taste. These we have put into our clothing.

The men who plan our clothing are men of good taste. They know what successful, self-respecting men wish to wear. They are good judges of fabrics, of colors, of weaves, of patterns.

The tailors who make our clothing are trained to observe the niceties of workmanship that give a suit

character---they always keep the quality up.

It is an asset to be able to say that ---"We sell these clothes." For---whether YOU know it or not---many know how good these clothes are, for they are

Society Brand Clothes

---the national standard. They combine in the highest degree the three essentials of good clothing---good style, good fabric, good tailoring.

The Municipal District of Clifton has begun the distribution of gopher poison and the Division Councillors have charge of same as in years past. Every farmer should take early notice of this and get in his digs while it will do the most effective work. Gophers are coming to the surface in great numbers this spring since there was little or no water around to drown them in the holes and the strychnine will do good work in keeping them above ground.

Victory Bond
Holders as W. S.
Stamp Collectors.

Victory bond holders should become War Savings Stamp Collectors. They should invest the interest, or a portion, of what they draw from their bonds in

War Savings Stamps. It would pay them to do so. These Stamps are really a government "Baby Bond" every bit as good as Victory Bonds and always worth the money they represent. They also carry a good rate of interest.

If Victory Bondholders can be induced to do this, Canada will have an army of 1,000,000 persons continuously saving for her. And as time rolls on this number will increase rapidly. There is no good reason why within a year there should not be over 2,000,000 in the Canadian War Savings Army. With these enrolled and retained in the ranks there is no financial problem that Canada cannot solve.

NOTES

Tariff reformers were badly slapped in the Ottawa house the other day. Well, if the government is afraid to move the masses of the people are not. The people will demand a readjustment and if they do not get it by one means they will by another.

Let us have some more debates.

If the Dominion government is allotting a million dollars to Alberta for road construction this year, it might be a good plan for the Board of Trade to find out how this money is to be spent and make an endeavor to throw a little chunk of it

around Lomond. Perhaps the Retlaw-Lomond Utilities Board could do good work in this connection. There is also room for work on the rural phone problem.

As a ratepayer in the Municipal District of Clifton we are hot after an increased grant from the province to assist in road construction. This might apply to the Village of Lomond as well. We should at least get the amount of our motor licenses. Mr. McNaughton please take notice.

Again, as a ratepayer in the Municipal District of Clifton we are going to try and pay up our taxes this fall and then insist upon the collection of the huge pile of arrearages. No council can do justice with a burden on its back like the present uncollected tax roll.

The columns of THE PRESS are open for the publication of minutes of all public meetings, such as council meetings, board meetings, etc., but we feel that the entire obligation should not rest upon ourselves for getting them into print. You hand in the copy and we will print it.

THE PRESS was studying up a consolidated school map during the past few days and sees a method of solution if the idea could be maneuvered. It puts out lying territory in other districts and throws out the vans, still leaving a large, centrally organized district with graded schools in the town. You might as well start figuring on this problem now, because it is going to hit you soon anyway.

The war may be stopped but it is going to take some settling before things are again running smoothly. There is going to be some practical socialism introduced into industrial organizations before labor is going to be at all content.

The Lomond schools have not been closed, as it was considered better for the children to be kept busy at school than to prowl around promiscuously in idleness.

The situation of the Bowden family has aroused a good deal of sympathy. When medical attendance first arrived the father, mother, and six children were down with the 'flu, and the father beyond all hope of recovery. No one was around the premises to take care of the suffering. Mr. Bowden died, as announced last week, and on Monday night of this week the eldest child succumbed to an attack of the epidemic, she also suffering from complications of meningitis. Mr. Bowden's brother came up from Taber last week to look after the situation.

Tribute to Former Lomond Pastor

Christain Guardian.

The anniversary services of Norwood Church, in the city of Edmonton, were held last Sunday; the Rev. W. A. Smith, of Calgary, preached at both services. The event, however, was of more than passing moment that of any previous anniversary of the church, in that an effort was made to pay off the whole debt on the church, amounting to \$13,500. Some weeks ago the pastor, Rev. W. H. Irwin, who since coming here has wondrously helped and inspired the congregation, proposed to clear off the whole debt and stop the great drain that the interest charges were making on the membership. At first this seemed a staggering proposition, but after thought it was decided to try out, and a careful canvass towards this end was made. This canvass revealed a spirit amongst the members to sacrifice somewhat commensurate with the whole undertaking. On anniversary Sunday the pastor, who had prepared a board with cards on which were printed various sums, making a total of \$13,500, asked for subscriptions to clear off one section or one third of the whole amount. These were soon forthcoming, the greater portion being paid in cash and placed in envelopes which had been previously distributed. In the afternoon the Sunday school scholars brought in over the sum of \$650, almost all in cash in the evening the balance of that section was fully subscribed.

Tuesday evening following some who were unable to be present on Sunday

and other subscriptions brought the total indebtedness down to \$675 to be raised. The committee has since met and this sum will be easily taken care of, and the whole church will shortly be clear of debt. This debt, had for years seemed like a burden too great to be endured, and at all times the huge sum seemed cast a shadow over the whole work of the church. At the Tuesday evening entertainment, which followed a splendid supper given by the Ladies'

Aid, and after the board had been almost wholly cleared, a number of members of the Finance Committee advanced to the platform, carrying a basket bouquet of flowers. These they presented to Mr. Irwin, and, seizing him, placed him on their shoulders, and all joined in singing, 'For he's a jolly good fellow,' in which the whole assembly heartily joined. This only expressed in a feeble manner the high esteem in his community, and the high practical

plane on which he has ever placed our obligations and service. While Mr. Irwin only came to us last July, and since that time the church was closed for two and a half months through the influenza ban, he has by self-sacrificing service and by the high plane of his messages produced a very marked awakening in this community, and the hope is that with the passing away of this cloud of debt the church will arise to higher usefulness in this community.

Clifton's Council Minutes

W. J. Orr appointed Reeve.
A. W. Tulloch re-appointed
Secretary-Treasurer with an
Office in Lomond to be Open
Tuesdays, Thursdays and
Saturdays.

Minutes of the first regular meeting
of the 1919 council of the Municipal
District of Clifton held in the municipal
office, Lomond, on Monday of this week,
March 24th. Councillors Orr, Marshall,
Bly, Noyes, and Barnett were present.

W. J. Orr was elected as reeve for
the year, and J. A. Marshall elected
deputy reeve for the first half of the
year.

Andrew Tulloch and Alfred Walker
were applicants for the position of
Secretary-Treasurer to the Municipal
District. The matter was put to vote
and Mr. Tulloch retains the situation
at a salary of \$80 per month. Under
the new agreement the secretary is re-
quired to keep open the public office at
Lomond on Tuesday, Thursday and Sat-
urday in each week for the convenience
of the ratepayers. The office is over
the Standard Bank.

The municipal safe is not of the right
type to accommodate the municipal dis-
trict books and an effort is to be made
to dispose of the old one and purchase
one suitable for the requirements of
the office.

The Reeve and Secretary-Treasurer
were empowered to borrow on the credit
of the Municipal District from the
Standard Bank at Lomond the sum of
\$7,500 for school purposes and \$15,000
for municipal purposes.

Moved by E. R. Barnett that the
balance of strychnine required be pur-
chased through R. H. Hughes.

J. A. Marshall referred to the fence
around the Travers nuisance grounds
which was being blown down by the
accumulation of weeds and rubbish.

Mrs. Berg wrote asking for a rebate
in taxes for 1918 assessment. The sec-
retary was instructed to write her that
it was too late to effect last year's levy
and inform her of what steps were nec-
essary for the present year.

A report effecting the village of Travers
from the Health Department was
received and referred to the constable
at Taavers to deal with same.

G. G. Elliot was appointed constable
at Travers.

The secretary was instructed to place
an order for a carload of steel culverts
from the Canada Ingot Iron Co. for use
in road work this summer. An account
with the said company of \$1,505.19,
was brought before the council and

\$505.19 authorized paid by cheque,
and a note given for the remainder.

The council authorized the payment
of \$5 and mileage to the deputy return-
ing officers at the last election.

The following accounts were author-
ized paid:

L. H. Phillips.....	\$2.15
Lomond Press.....	9
E. Bensen, road work Div. 5...	12.00
H. V. Rounds Ret. Officer...	100.00

Moved by J. A. Marshall that minutes
of the council meeting be published in
the Lomond Press.

Moved by Porter Noyes that no coun-
ciling be held in April but that the
secretary be empowered to call a meet-
ing early in May.
